

Addis Ababa University – Information Science Admission Information

This document summarizes admission requirements for the Information Science program at Addis Ababa University. It includes undergraduate, postgraduate, and international student admission information in a clear format suitable for institutional information systems and knowledge bases.

1. Undergraduate Admission (BSc in Information Science)

- Applicants must complete Ethiopian Preparatory School (Grade 12) or an equivalent secondary education recognized by the Ministry of Education.
- Students must take the Ethiopian University Entrance Examination (EUEE). Admission eligibility depends on performance in the national examination.
- Placement into the Information Science program is conducted through the Ministry of Education university placement system.
- Students are expected to have basic academic preparation in subjects such as mathematics, information technology, and related areas.
- After placement, students must complete official registration at Addis Ababa University by submitting identification documents and completing the university registration process.

2. Postgraduate Admission (MSc in Information Science)

- Applicants must hold a bachelor's degree from a recognized university.
- Accepted academic backgrounds typically include Information Science, Computer Science, Information Systems, Software Engineering, Statistics, Computer Engineering, or other related fields.
- Applicants must meet the minimum CGPA requirement established by Addis Ababa University for graduate admission.
- Applicants must submit official academic transcripts and a degree certificate.
- Applicants must complete the graduate program application form required by the university.
- In some cases, the department may request recommendation letters from academic instructors or supervisors.
- The department may conduct an entrance examination or interview to evaluate the applicant's readiness for graduate study.

3. Minimum CGPA Requirement

The minimum eligibility CGPA for many MSc programs in Ethiopian universities is around 2.00 on a 4.00 scale. However, admission is competitive and the CGPA of accepted applicants is often higher. In many cases successful applicants may have CGPA values between approximately 2.75 and 3.00 or higher depending on the number of applicants and available seats in a given academic year.

4. International Student Admission

- International applicants must have an academic qualification equivalent to an Ethiopian bachelor's degree.
- Applicants must submit academic transcripts and official degree certificates.
- Applicants must provide a valid passport copy.
- If previous education was not conducted in English, applicants may be required to demonstrate English language proficiency.
- Admitted international students must obtain a student visa and residence permit to study in Ethiopia.
